### AIDES FILES: YOICHI OKAMOTO

#### Digitization note:

This collection has been digitized in full and is available on DiscoverLBJ.org.

#### Scope and content note:

This collection consists of working files created by Yoichi Okamoto while he served as White House photographer and manager of the White House Photo Office.

The bulk of the files are correspondence between Okamoto and President Lyndon B. Johnson, or aides to the President. Topics discussed in this correspondence include photography requests, photography projects, events, travel, and operation of the photo lab. There is also material regarding management of personnel in the White House Photo Office. The files include catalogs, correspondence, job applications, lists, logs, memorandums, notes, order forms, pamphlets, photographs, preliminary specifications for a proposed photo lab, and reports.
