MEMORANDUM FOR MR. BUNDY

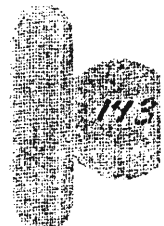

Mac --

This office just received this dispersal authorization request, although it calls for action taken in November! I have verified the Department of State concurrence in the proposed action, and also the propriety of the action under applicable NSAMs. I recommend your signature on the attached draft memorandum to Gilpatric.

NATIONAL SECURITY ACTION MEMORANDUM NO. 143

TO: The Secretary of State
The Secretary of Defense
The Chairman, Atomic Energy Commission

SUBJECT: Nuclear Weapons for NATO Forces

1. The Department of Defense is authorized to disperse, under U. S. custody, those nuclear weapons listed in Annex A in support of non-U. S. NATO forces provided that for two-stage bombs, dispersal in support of non-U. S. NATO air forces (except the U.K.) will be limited to the following specific weapons:

6.2

Authority for any additional dispersals (See Annex B) may be sought, as necessary, on a case-by-case basis as the forces become operational, and in the light of continuing studies of NATO strategy.

The Departments of State and Defense will undertake urgently a thorough study of the strike aircraft program, in the light of such factors as existing commitments, NATO strategy, and the MRBM program now under consideration. Weapons being dispersed for strike aircraft in the meantime are subject to the same kind of reservation placed on provision of Pershing missiles to Germany, namely, subject to review in the light of continuing studies of NATO strategy.

2.

6.2

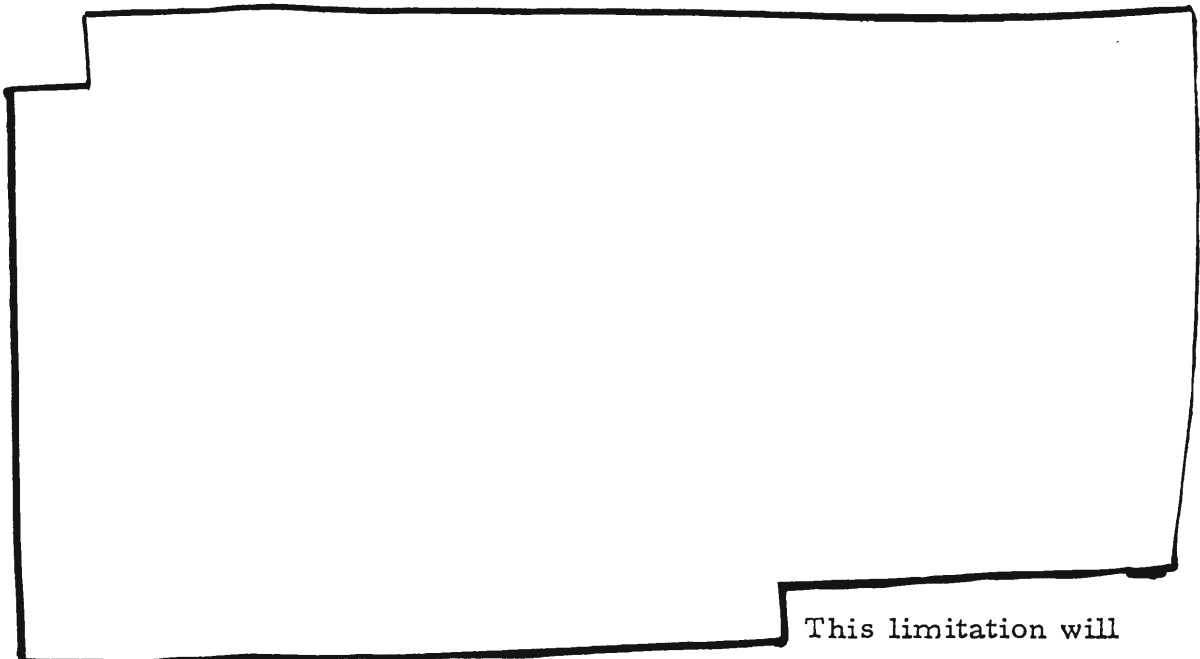

a. Restricted Data, in connection with delivery systems referred to in Annex A to which we are committed, with the same reservation in the case of weapons for strike aircraft that was entered into in connection with provision of Pershings - namely, that follow-on provision of weapons in support of the forces concerned is subject to review in the light of continuing studies of NATO

strategy. The provision of this information is approved in principle with the exception of certain information for Germany as indicated below. Determinations as required by the Atomic Energy Act will be processed in accordance with Executive Order 10841 as amended covering specific information proposed for communication to the Allies.

b. In order to proceed with the German F-104G program as indicated above, I have determined that communication of information as indicated at Annex C will promote and will not constitute an unreasonable risk to the common defense and security, with the understanding that the provision of this information will be governed by the principles set forth under 2 above.

6.2

This limitation will
