## NATIONAL SECURITY FILE

### Files of Bromley K. Smith

**For list of folder titles, see page 2.**

#### **Scope and content note:**

This series contains memorandums, correspondence, telegrams, press releases, reports, meeting notes, and agendas. Some of the material relates to meetings with the President and the President's consultants on international relations. Topics of these meetings include the Vietnam War, Cuba, the Vice President's Asian trip, Korea, and the Pueblo Crisis of 1968. In addition, the series contains information on the selective service and draft deferments, nuclear energy, arms control, and the Peace Corps. There are also weekly reports to the President from the Department of Defense, and a partial set of the Pentagon Papers.

#### **Biographical note:**

Bromley K. Smith served as Executive Secretary of the National Security Council from 1961-1969. In this capacity, he kept track of the NSC daily business and was the executive manager. Except for box 1, all the boxes of NSF, Files of Bromley Smith, come from disarranged and unfiled material (primarily "staff file fragments" and "NSF, unarranged") filed by the LBJ Library staff.

In addition to the Files of Bromley K. Smith, the Library also holds the Papers of Bromley K. Smith, 16 linear feet, which reflect Smith's association with the NSC from the 1950s to the 1980s.

- Date range: 1964-1969
- 13 linear feet, 2 linear inches
- Partially available for research
