Monday A.M.

My darling:

I firmly intended to take most of the day off yesterday, but when dark came I awakened to the fact that my Sunday had been spent at the desk. Then too I didn't get around to penning this note in spite of my resolutions to the contrary -

Honey I miss you a lot. Life isn't nearly as sweet without you.

About all I think of in your absence is the day you will return. You know you and my work make me a happy youngster.

Late Saturday afternoon I went

² horseback riding with Hollis & Bill. Am
I sore all over. But I learned where to
go and ride and I'm going with you
just as soon as we can after you
get back.

We have definitely planned to leave
here Friday for C.C. I'm going to
Floresville tomorrow afternoon returning
Wednesday - The Wirtz's are very
enthusiastic about the trip - I know
you are going to love it.

Had a little trouble with
my side again last night & today.
See how I eat when you are away.

Please know how I'm hungry for
you and how happy I'm going to
be when you get back.

I should so much like to see
you return with Aunt Effie &
Miss Cat. I know Aunt Effie would
enjoy it here. Bring her home
with you! Won't you -

Here is a kiss for you, one
for Aunt Effie, a hug for Dad and
a scratching for Miss Cat.

By hostess - Your
Lyndon Baines
