

Darling:

Thursday noon

The bells have just rung and I'm going to the floor to begin another hectic day - Had a conf. meeting from 10 to 12 and I've just come by to clean up some of my desks. Rebellah just called and I suggested she join me some evening for dinner and then ride with me. She seemed elated -

My car has brought me much happiness. I've never enjoyed anything material quite so much (not even coffee in bed or a good shower or sunshine)

I'm living at Kennedy Warren - Ballantrae Rd & Kitchen (45') Cool - Comfortable and lovely - Keep my car in garage and no parking problems - Think

² We should live there in small
apartment next year. Aditha plans
to come make my bed and wash my
clothes - Will eat out. See Charlie
South & Albert more often. Spend
a lot of time with Welly & Alice
and an hour or two per day
talking to Tex -

I had almost an hour with
the President yesterday. He was
so sweet and inspiring - am
going to have lunch with him
when C E M gets back to work -
and discuss 10th dist and 1940 -

Your shoes for Welly & Alice
come - They were very pleased.

3 I ate with Welly at Capital
at noon yesterday and Alice
cooked dinner for us last night.
I went home at 8 o'clock and read
Lip and Time until 9:30 then
slept until 8:30 this am.

Had lot of sun tan over the
4th my top town - shorts etc.
I think you would have agreed
it was more outright sport than
anything we've done - Drove Skyline
played tennis & golf - ate battle
had only 2 or 3 drinks and felt
like a fighter cock except from
sun burn - Am going to try to follow

4 this and hang around club more
if work lets up - Think I'll be
here until late Aug or Sept -

Think the plans for the house
sound good - glad you are playing -
Why didn't you send Mr Baatcher letter?
Please!

Get Tony to rush Tile table pretty
and unusual and large one. Cause
when he gets back I'd like for it to be
there - all pleased with shoes -

Did you get records?

I love you more every hour you are
away - Wish I could telephone you -

Will you be home at what time when?

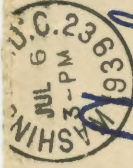

o o o o o o o - Get more play things and

Set ^{Kisses} ready to have more fun. Write more often
(xx) Sparks - Love ~~Pat~~
