

Monday noon -

Darling -

I feel much better since talking to you last night. Just felt I had to have a word or two with you before I started another week. Wish you were here 'cause I'm already getting lonesome and don't like not having you to meet me at the door when I finish my work and come home.

Rebecca just called and is coming by in a few minutes to talk over some of her troubles with me. She paid her rent for 15 days but didn't get a receipt and now they want her to pay again.

Am so glad you are having fun. I was very pleased with the Dist letter. And I know if my "baby girl" continues to play all day and sleep long and soundly that she will feel like

The last most of the 5 yrs we've spent
together - I'm going to play with you
just as soon as I get home - I didn't
play very much Sat & Sun - Aft for home
at 2:30 Sunday - and it rained Sun.
a.m. so most of that day was devoted
to music and reading - I read Misc & Men.
and also finished Grapes of Wrath - Am
now busy reading Winnie the Pooh - I
guess you know I'm lonesome for you
w I wouldn't get entertained with the
books -

Thanks about the Victrola. I'll wait.
What do you think about the RRA job?
Did you talk to the Senator about
it? He wrote me the most wonderful
letter - He is the ^{one} sweetest person living, Cyst & on

Do write me more often, your letters
do help and you know how much
of an effort it is for me to write.
So please don't wait until you
hear before writing. Send me
some hugs and kisses and =

I love you

Love you

more than ever
