Darling:
you made me feel terrible when I
went home last night - went by to
see if I had a letter - had two awaiting
me - one from S.M. on Sunday and Austin
Monday - The thought that you had been
disappointed when you didn't hear made
me feel very mean and sorry about
my neglected letter writing - I'll do
better - Forgive me -

Just returned from seeing Austin
Housing Authority pictures - They are
grand and I'm so proud - Made me
feel as if I'd done some good already
and justified the confidence people

²
1
had placed in me -

I want you to buy a tennis racket today and get Jesse K. to call University or City Coach and make appointments for 3 or 4 lessons per week.

Also want you to immediately go see Harvey at Co. Club and get at least 10 golf lessons by the time I get home the 20th of Aug.

Then we will take clubs and racket and go to S.A. - Monterey - Salt Lake and wherever you want to go on another ² and if possible ² better honeymoon. ~~Do this now~~

3
Please - please - please do both
now and don't kid me like Susan
did -

Must rush to floor. No news
all quiet - give mother
a hug - keep a hundred
for yourself -

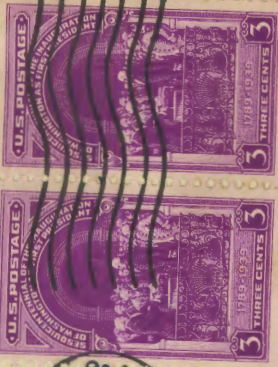

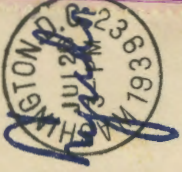

I love you more every
minute -

~~Bob~~
