

Tuesday

Darling:

Jim delighted at my letters. Two in the last two days and both of them great big long ones. I want to come on home now and give you the hugs and spankings that you need -

The house plans sound wonderful. It may be a good idea to get bids on the 2 bed room house. It sounds good to me. I told Herman Brown to get in touch with you & Sen. Witz & buy the house for ^{us} ~~us~~ ^{for} ~~us~~ all enthused about the possibilities of getting away on the trip to Mexico. I do hope we can make it.

The Pres. just took a terrible beating in the house. They defeated

2
the spend-lead bill and god knows
what we will do in the next
few months unless private enterprise
takes up the slack —

I'm terribly homesick today. I
don't know how I'm going to
manage to stay away from you —
Another 3 wks —

I love you so Very-very —

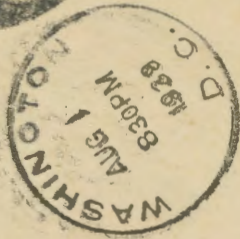

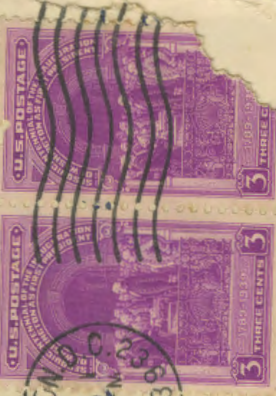

Much —

Love & kisses —

Alf
