

Darling Baby girl:

It is just about time for me to close up shop and turn in. Worked like hell all day but didn't seem to get much done. The R & C board is meeting today and they say they may have something definite tomorrow - God knows they are the slowest, most disgusting outfit I've ever dealt with - Jim has plenty of patience tho' and I think he will finally wear them out if I don't blow up in the meantime.

The answers to the 1000 letters are coming in today - Charles H. has been with Mary Kay in Ohio on a vacation since the 12th and is due to get in here tomorrow. I plan to keep him busy on files and projects

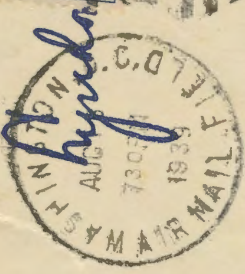

2/2 and let Herbert get ready to pack
in anticipation of getting away some
day on a moments notice - It
may be as late as Tues or Wed or may
be sooner will wire you as soon
as I know anything -

I sent you shorts and golf dress
today - Hope they fit. I think
they are pretty and hope you like
them -

Dorling I love you so very, very,
much that I just can't wait to
get home to be with you - Please
take this as a poor substitute
for the loving I feel like giving
Love #1
