

Sunday 12:30 Noon

Dad:

When I waked up this a.m. and called for the NY Times the boy brought me much more happiness - the special from you. Altho' it was chiefly devoted to where we are going to live - (and I don't care a lot if I can just get back and live with you) it made me know you were thinking of me a lot and really anxious to be with me -

Last night after I wrote you I went by Mt Alto Hospital and took Mr W. J. George a pair of pajamas. He has been desperately ill and yesterday was the first day there was much

hope for him, He has pneumonia
and a lot of other complications. He
is 71 you know and that is pretty
old to recover from such an attack.
After visiting with him for a while
I called Mrs George and went by
to see her about 7:30 - she cooked
me scrambled eggs - salad, gelatine
sauce and I had her just
talking with her and a friend she
had visiting her from Florida. Cong.
Thomason left for St Boss on the 15th -
just as Mr George took sick and
it was quite fortunate for Mrs.
George that she didn't have to
spend much time in the office -
I talked to Bob & Helen last
night too. They are going on their

3/
Vacation of a well leaving Monday.
Bob - Mrs George tells me - doesn't
look at all well -

Alice called and suggested
that I come to the Country
for dinner tonight and talk
to Charles & Welly about the
Texas offer but I declined. She
said Welly would call later but
don't think I'll go. Too long a
drive alone and altho' an
hour or so is a tonic sometimes
I'm lonesome and tired now
and quite irritable and don't

I know that I'm very good
Company -

I think it OK to rent the
~~house~~ apt. from Sept 1. The
main thing for you to do is
to get a place that will make
you happy - Forget the few
dollars involved - So without
knowing or caring too much about
the price I'd take it at \$75
rather than continue to look
and finally get something we
don't enjoy at 65 or 70 -

Terribly sorry the white
suit didn't fit - We can send
it back I guess or give it to

Someone -

My present plans are to
leave here not later than
Wednesday night - I'll drive
slow and probably get to Karuach
Sat night or Sunday. S/H. or
Kelly or both may go with
me - I'll talk to both tomorrow.

I'm bringing you a cheap
little present and all my
heart and love and strength
and all I have or will
ever have - o o o o o o o o o o
xxx - Love Lyndan
