

3 March 1942

Mrs. Johnson:

Here is a letter from S. Ferris for the files.

You should write him a letter similar to the following suggestion:

"Your letter to Lyndon has just been sent to us here in Washington for the files. I know how much he must have appreciated your writing him because he asked that we keep the letter here for him. I'm sure that at his first opportunity, he will write you direct.", etc.
