

Bird
How about getting her to address envelopes
for Bulletin lists? *Hurry -*
March 9, 1942

Dear Mrs. Johnson:

Referring to the enclosed clipping, I want to volunteer to address an envelope to every voter in the Tenth Congressional District and mail a letter expressing the sentiments contained in the enclosed clipping.

We have a mimeograph machine and will do this work without any cost. Just supply us with the material and we will do the rest. I would suggest that you prepare a letter to your liking, and provide me with a poll tax list covering the Tenth Congressional District.

We have many, many stenographers who will be glad to do this work without costs.

I hope to hear from you soon.

Sincerely,

Mrs. H. von Kalow

Dear, this is a copy of a letter Mrs. Von Kalow enclosed in another letter she wrote me about little Emilie Lindan. The clipping she refers to is the interview with Dr. G.A. Rose, which I attached to Gordon Tulcher's letter. I thanked her very much and told her I was letting you know of her very kind offer and suggested she call by to see Senator Twitty. Then I sent him a copy of her letter with a word of explanation.
