

Dearest —

I might fly to
Texas tonight at 5 p. m.
and return, leaving midnite
Sunday or early Monday
morning.

Reasons to:

(1) I'd very much like to
spend Saturday nite and
all day Sunday with Lynda
and Chuck — (Luci and
Pat would be with us
Sunday evening)

(2) I'd also very much like
to spend all day Saturday
with Douglas Hubbard and
a team of two design and
exhibit men ^(from National Park Service) plus a
group of Texans trying to

really lay out the plans for
 the Johnson State Park
 — long term plans and
 an exhibit to be on display
 by next November
 (Mark Gordin of State Parks,
 historian Joe Frantz, Curtis
 Lunnell State Archeologist,
 possibly a local Fredericks-
 burg Museum person —
 They might help us on
 artifacts.)

Reasons Not to —

I would like to
 just be around, for whatever
 comfort I can, even if it's
 just "a warm body" at
 hand — on this rough
 week end.

Have you any thoughts on it?
 Your loving wife

Mrs. Johnson came to the office with this
note in hand ---- took it into the office
(Hugh Sidey and Tom Johnson were in with
the President. They came out to my office
to give the Pres and the First Lady privacy).

Mrs. J said she got her answer but did not
say what it was.
