dear - haven't used to
much good food.

I just finished doing
my exercises. While I'm home
I shall try to do ~~them~~ both
morning and night. Also
brush my hair. (you see,
there's a young man coming
I want to look pretty for.)

Dear, do write me how
Terrellita Maverick is. And
all about how your sojourn
to the hospital turned out.
Do play golf lots and eat
some vegetables every day.
And write me often... The days
here are lovely - but the
nights are lonely. I miss
you, dear.

Goodbye, and a heart
full of love - Bird
