RECORD OF ACTIONS
by the
NATIONAL SECURITY COUNCIL
at its
FOUR HUNDRED AND SEVENTY-FIFTH MEETING
held on
February 1, 1961
(Approved by the President on February 2, 1961)

The President presided at this meeting. The secretary of the Treasury and the Director, Bureau of the Budget, participated in the actions below. The Director-designate, U. S. Information Agency, the Under Secretary of State, the Special Assistants to the President for National Security Affairs and for Science and Technology, Assistant Secretary of State George McGhee, Assistant Secretary of Defense Paul H. Nitze, and the Military Aide to the President attended the meeting. The Deputy Director for Intelligence, Central Intelligence Agency, attended the meeting for NSC Actions Nos. 2396 and 2397.

ACTION
NUMBER

SUBJECT

2396. ATTENDANCE AT NATIONAL SECURITY COUNCIL MEETINGS

The President noted that he had invited certain officials other than the Statutory Members and Advisers for this initial NSC meeting of his Administration. He said that the list of those requested to attend any given meeting would be decided in the light of the business he wanted to discuss each time, but he emphasized his eagerness to keep such officers as Mr. Murrow fully informed of major issues.

2397. SIGNIFICANT WORLD DEVELOPMENTS AFFECTING U. S. SECURITY

- a. Noted and discussed an oral report by the Director of Central Intelligence which included discussion of the new President of Brazil; prospects for the Salazar regime in Portugal; the serious agricultural situation in Communist China; and recent developments regarding Indonesia and the Congo.

ACTION
NUMBER

SUBJECT

2397. SIGNIFICANT WORLD DEVELOPMENTS AFFECTING U. S. SECURITY (Cont'd)

b. The Secretary of the Treasury stated that the Departments of State and Treasury were agreed that it would be desirable to make an early offer to the new President of Brazil of a \$100 million Export-Import Bank loan. Mr. Dillon was hopeful that the Bank would agree to take this step.

Action Memo
sent to
Dept. of State

c. The Council discussed a possible change in U. S. policy relating to the bunkering of Free World ships under Communist Chinese charter, provided such ships were carrying only food and paid cash. The President requested that the Secretary of State study this question further, particularly whether any such change in policy could be at the request of the Canadian Government.

d. The Secretary of State outlined a new proposed policy on the Congo which was being submitted to the President today after coordination with the Department of Defense and the Central Intelligence Agency. The President subsequently reviewed and approved the State Department's proposal.

2398. MILITARY BUDGETS AND NATIONAL SECURITY POLICY

a. The Director, Bureau of the Budget, reported that the past system of preparing military budgets has the following weaknesses:

- (1) A lack of correspondence between military plans and the military budget which resulted in military plans larger than could be implemented by the budgets.
- (2) A lack of common assumptions and doctrines among the three military departments, resulting in differing strategic doctrines and appraisals of the threat, which were not adequately understood or taken into account in the budget process.
