November (and, in fact, much of July and August!) looms before me like a giant question mark, and it is impossible for me to plan anything so far ahead. I must keep my own schedule elastic in order to fit in with Lyndon's commitments, which, of necessity, often can be completed only at the last minute.

My Dear Friend:

Lady Bird and I deeply appreciate your printed greeting to us last week on the signature page of the San Angelo Standard-Times.

We have traveled many miles and seen millions of people in our political lifetime, but never have we been made to feel at home like we were in your wonderful city.

Our warmest personal regards to you.

Sincerely,

Lyndon B. Johnson

Visitors

February 28, 1963

Dear Sister Roberta:

Thank you for your nice note of February 21, 1963. It was a pleasure for me to show Miss Sullivan and the girls around the "shop". I am glad they enjoyed themselves.

You would have been proud of the girls conduct during their visit. They were young ladies throughout the the tour and splendid representatives of your school. It's too bad other schools are not as well behaved and disciplined.

However, I doubt that I would have traded places with Miss Sullivan. It's still quite a responsibility, no matter how well behaved and disciplined are the young ladies.

Please give Miss Sullivan my hello and Mr. Jenkins joins me in sending our best wishes to you.

Sincerely,

George M. Lusk,

My Dear Friend:

Large, responsive crowds don't "just happen" at receptions, and Lady Bird and I are deeply grateful for the part you played in having such a wonderful group of people to meet us at San Angelo College.

Evidence of intensive planning and lots of plain hard work was obvious to us, and we appreciate the part you played in it.

Our warmest personal regards.

Sincerely,

Dear Mr. Huffman:

Thank you so much for telling me about the Mid-Atlantic Model General Assembly to be held here later this month.

I would so much enjoy being with you and meeting the outstanding student delegates, and I appreciate your inviting me to the reception to be held on February 21. However, plans have already been made for that day, and I have to decline your kind invitation. I'm sorry I must miss the interesting opportunity you offer.

With my best wishes,

Dear Mr. and Mrs. Hubbard:

Thank you for your nice letter of January 19th setting out your support of the medicare proposal.

The Administration is very interested in gaining this relief for the elderly and is working to gain its passage in this session of Congress.

I do appreciate your thoughtfulness in writing me for I always like to know the opinions of other persons on these important matters.

With best regards.

Dear Mr. Huebsehman:

Thank you for your note of January 22nd, together with your completed Form 57 and attached supporting papers concerning your desire for an assignment as a Chief Scientist under General Oestrander.

You realize, of course, the Vice President has no authority in these appointments. However, we are immediately bringing your formal application to General Oestrander's attention and asking for a full report as to the possibilities.

As soon as it is received, we will be in touch with you again.

Sincerely,

Dear Mr. Hughes:

Your letter arrived just as the Vice President was leaving the office and the city for a few days. He read your note, handed it to me and asked me to find and pass along to you the information you wanted.

I will be happy to try, Sir, but I don't know just what your question is. I am enclosing your letter with the hope that you will add to it something more -- to clarify the question for me.

With warm good wishes,

Sincerely

Dear Sister:

Enclosed are the passes for the students who will visit the Congress on Thursday, January 31. We are delighted to know they will be coming up. It is my suggestion that just before they come someone give Mr. Clifton Carter, Assistant to the Vice President, a call and he will arrange to have an escort for your group to the Capitol and get them in the gallery.

I hope I have the opportunity to meet the students and chaperones when they come by the office.

With best wishes,

Invitation - February Mrs J: ECA

January 14, 1963

Dear Congressman Huddleston:

I am too fond of Alabama to say "no" on two counts! But that is just what I must do -- and hope very much I will be asked again.

Sometime back Lyndon and I accepted an invitation from the National Press Club to attend their annual installation of officers dinner which is February 2nd, the same evening as the Alabama State Society Ball. This is another time when I wish I could be two places at once.

I would adore to be in Birmingham for the Festival of Arts, but looking at my calendar I just could not find the luxury of "days to call my own" around February 12 that would permit me to take the trip to Alabama. I have written Mrs. Green, Miss Alexander and Mrs. Jacobson and explained I could not be with them.

With warm best wishes.

Sincerely,

 Mrs. Lyndon B. Johnson

Dear Dr. Hughes:

I deeply enjoyed our visit together. It was just not long enough. Inasmuch as you are a native of my neck of the woods -- Brownwood -- and spent some time in Washington, I felt like we had much in common. I, today, had lunch with Joe Bailey and passed on to him your statement about the glasses. He said some mighty fine things about you.

We are on the lookout for Miss Tauch's letter. Upon its arrival we will immediately look into the situation to see what may be done.

I heard so many nice statements about Mrs. Hughes, through Frances, I feel I am personally acquainted with her also.

By the way, Gallinger, located at 19th and C Streets, S. E., is now D. C. General Hospital.

With warm personal regards.

Dear Mr. Hughes:

Your letter and the two canes which you refer to in the letter have arrived in the temporary absence of the Vice President.

Since I do not know the exact whereabouts of the President's father, I am unable to transmit one of the canes to him and am therefore returning it to you. According to the press, he is now in Palm Beach, Florida, but I do not know the exact address.

I am submitting your letter to the U. S. Patent Office for information as to procedure in obtaining a patent and will advise you further.

I shall be glad to tell the Vice President about your letter and of course will deliver the cane to him.

Sincerely,
