

United States Senate

MEMORANDUM

July 29, 1959

Senator --

Larry Ulrich in the office of Congressman Roush of Indiana wants to meet you and take a picture with his polaroid camera.

George points out that Roush was the first Congressman to write a letter pledging full support to the leadership fight.

Will it be all right for Larry to come while George Tames is taking his picture tomorrow just before your 10 am appointment? This would get both pictures out of the way at once

Ruth
