Dear Diane:

Please accept my sympathy in the loss of your father. I never had the pleasure of knowing him but I have always been aware of his eminence as an athlete and a member of the community.

Any man who has played for the Green Bay Packers and who achieved the status of All Pro three times during his playing career must have been a man I would assuredly have liked and admired.

It may be of small consolation to you, but despite the facetious remarks I have made to you regarding the relative merits of the Packers and the Redskins, there is no doubt that the present day Packers team is very much in the tradition that was set by people like your father in the early days of Green Bay.

Once again my sincere sympathy.

Yours Sincerely,

John Gonella

Dean first publicly supported Lyndon Johnson in 1959 when he worked in Northern Virginia for Mr. Johnson's candidacy for President. Dean worked for and supported Mr. Johnson in 1960 and 1964. He is a middle of the road Democrat, who is well respected. Dean has been offered two D. C. Court appointments, both of which have a ten year term. He turned them down because of his commitment to his large family. In my judgement, Dean would be an excellent choice for U.S. Circuit Court Judge.

P.S. In talking to Paul Dean today to get the attached resume, he said that he would appreciate it if his name could be given to the ABA. If the ABA found him not qualified for this judicial post, then he certainly would not want to embarrass the President and have his name even considered. If he is qualified, he would appreciate being considered for the Circuit position.

MEMORANDUM FOR BAREFOOT SANDERS

Barefoot,

Last night I chaired the ^X United Jewish Appeal Government Division Dinner.

Senator Daniel B. Brewster ^X was the speaker. Prior to his speech the Senator refused to be drawn into a discussion of "reassessments."

His speech regarding Israel was hostile to the Administration.

He said that if we had a commitment to honor in Southeast Asia, then we certainly should honor our commitment to Israel.

He insisted that we should supply Israel with aircraft. He said the need was great not only because of Russian aircraft now available to the Arabs, but also because of the surface-to-surface missiles which the Russians have given to the Arabs.

He deplored our sale of tanks to Jordan and said he could not understand Prime Minister Eshkol's acquiescence.

He had some vague suggestions for settling the refugee problem involving irrigation.

He also made vague sounds about the need for greater U.S. pressure to insure peace for Israel including use of the Suez Canal.

MEMO to Mrs. Johnson
FROM Mary Rather

A Mr. Donald Stewart with the American College of Arms in Baltimore, Maryland, was brought by Senator Daniel Brewster of Maryland to see the President and to present to him this Coat of Arms designed by the American College of Arms.

The President had me come in his office at the time, and I listened, and have prepared the attached memo in explanation of the Coat of Arms and a vocabulary of heraldic terms that are involved. He also asked me to get it over to you.

I agree with you that it would be nicer, if one wanted to use a Coat of Arms, to have an ancient family one prepared in Europe for an ancestor.

However, this is just one that this American coat of arms group has thought up for the President because he is President -- based in part, they say -- on an ancient Johnson coat of arms. And, of course, the President didn't request it; they just asked for an appointment to present it to him.

He immediately told me to get it to you, and I assume he would want any thoughts you have in the matter.

I will get it back in a few days to have it photographed and catalogued by Lucy Ferguson, and a letter of thanks written if that is necessary.

MEMORANDUM FOR

James R. Jones

SUBJECT: Herbert O'Connor III

I understand Herbert O'Connor, Jr., of Baltimore, is attempting to reach you concerning summer employment for his son, Herbert III.

This was a request made to you by Jack Sullivan of Senator Brewster's office. They want a position that will allow him the experience of "being near important people."

You gave your approval to a plan to have young O'Connor employed at the Post Office and then detailed here for a three-day period later in the summer. Howard Cook is handling this at the Post Office. He is contacting O'Connor this week to make arrangements for his employment.

Post Office has moved a little slowly on this but Senator Brewster's office said there was no hurry. Jack Sullivan said O'Connor already had a summer job in private industry and that two weeks' federal employment for the youth in late August would satisfy their interest in the matter.

Dear Senator:

I have been asked to thank you for your letter of August 19th to the President, expressing the hope he will be able to accept the invitation Cardinal Shehan has extended to him to attend the dedication of the Good Samaritan Hospital in Baltimore on Sunday morning, September 29th.

We have checked but find that to date Cardinal Shehan has not written the President about taking part in these dedication ceremonies. Even so, it is a little too early to say now whether the President would be able to come to Baltimore on this occasion.

Your letter will be carried forward, though, and I will keep you advised in this matter. In the meantime, please be assured that your interest and thoughtfulness in writing is very much appreciated.

With best wishes,

Sincerely,

Dear Senator Brewster: Development
Washington

This is in reply to your recent letter, signed also by the other members of Maryland's Congressional Delegation, requesting approval of the Application for Loan and Grant for the proposed Historic Park urban renewal project (R-38) in Baltimore, Maryland. I am enclosing a summary which sets forth certain background information concerning this application and the current status. I regret that I cannot provide a more specific response at this time but a final decision concerning the early funding of this project will depend in large part upon the feasibility of utilizing the newly enacted Neighborhood Development Program funding approach in Baltimore's urban renewal program. This is presently being explored by our Philadelphia Regional Office and the Baltimore Department of Housing and Community Development. Please be assured that a decision will be made at the earliest practicable date. We await your decision with much interest.

Sincerely yours,
Sincerely,

MEMORANDUM FOR THE PRESIDENT

SUBJECT: Possible Appointments for Senator Daniel Brewster

I understand you are meeting with Senator Brewster at 6:00 p.m. today and there may be a discussion about future ~~public service~~ assignments for the Senator. I have made a quick review of ~~appointment possibilities~~ which you might wish to consider in this conversation.

There are no full-time executive appointments available for recess appointment for which Senator Brewster would qualify.

You may wish to consider the following part-time assignments for him:

- 1) The Board of Trustees of the John F. Kennedy Center - There are two remaining vacancies available to you for filling. These are ten-year terms with no compensation but with periodical Board and Committee meetings.
- 2) The Highway Safety Advisory Committee - There is one vacancy per term expiring in March, 1970. Members of this Committee are compensated at the rate of \$100 a day for periods of actual service. The Committee meets on call of the Secretary of Transportation when he has new safety standards to present to them for advice, probably twice a year.
- 3) Board of Visitors, Naval Academy - Senator Brewster presently serves ex-officio in his capacities as Maryland Senator on this Board. He could be appointed to fill a three-year Presidential appointment which will become available December 30. Members of this Board receive \$5 a day when attending meetings which occur three or four times a year.
- 4) Visitor Facilities Advisory Commission - There are three appointments to be made for service at the pleasure of the President in connection with the National Visitors Center in Washington. The members may be compensated at the rate for experts and consultants.

Dear Dan:

Before leaving the White House on Inauguration Day, I take this opportunity to tell you that I very much cherish the association we have enjoyed.

Few people have the opportunity which I have had, either to serve two Presidents as their Senate Liaison officer, or to be involved in the day to day working relationship with the Senate.

I particularly value the friendships I have made, and I leave the White House with the greatest appreciation of and respect for the Chief Executives under whom I served, as well as for your great deliberative body. Together we have enacted a legislative record which may never be equaled.

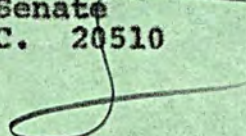

With kind personal regards, and in the hope our paths will continue to cross,

Sincerely yours,
