

COLLECTION DETAILS and FOLDER TITLE LIST

Collection: White House Social Files

**Series: Alphabetical Files of Elizabeth (Liz) Carpenter, 11/22/1963 - 1/20/1969
[NAID 582625]**

<https://www.discoverlbj.org/exhibits/show/loh/pres/social>

SOCIAL FILES: Liz Carpenter Alpha File

For list of folder titles, see page 2.

Scope and content note:

The series includes the correspondence of Liz Carpenter, Press Secretary and Staff Director to the First Lady, Lady Bird Johnson, as well as correspondence addressed to Mrs. Johnson and her daughters, Lynda Bird Johnson Robb and Luci Baines Johnson Nugent, but answered by Carpenter. The files also include some staff memorandums. The bulk of the series pertains to Mrs. Johnson's public activities and appearances, including Mrs. Johnson's participation in White House ceremonies and social events; her appearances outside of the White House; her public statements; the beautification campaign for highway and urban beautification; Mrs. Johnson's trips; and her involvement in the 1964 presidential campaign, including the 1964 Whistle Stop campaign, a train trip through the southern United States.

The files include invitations to Mrs. Johnson to speak; invitations to participate in events sponsored by philanthropic, humanitarian, environmental, educational, and political organizations; requests for interviews; and requests for information about the First Lady and White House social events. Liz Carpenter corresponded frequently with authors and members of the press, particularly women who covered the First Lady and social events at the White House.

When correspondence contained multiple topics or names, the White House Social Office filing unit provided cross-referencing within the series by typing filing and cross-reference information on the cover letter or memo. The staff made electrostatic copies of the cover letter or memo and filed those copies in all of the relevant folders in this series.

- Date range of collection: 1963 - 1969
- 48 linear feet
- Partially available for research
