Mr. Charles E. Marsh  
2400 Massachusetts Ave., N. W.  
Washington, D. C.

Dear Charles:

I attach copy of a letter I wrote Thelma last night as you suggested.

Bird is scraping the money together and as soon as Sim writes the deed and Thelma signs it, we will have most of the money in the bank available to pay the draft.

I plan to go home about the 10th and get a good Mexican to help me clear some of the cedar off the hill and save a few of the trees that are pretty badly eaten up.

I hope to see you Friday or Saturday just as soon as I know John's plans.

Sincerely,

Lyndon B. Johnson

AIR MAIL - SPECIAL DELIVERY

Mrs. Thelma Weidlein  
2404 Seenie Drive  
Austin, Texas

Dear Thelma:

After a visit with Mr. Marsh last night he instructed me to write you and say to you that the 19 or 20 acres behind the lots that we have talked about so much, could be transferred to us.

We have agreed on a price of \$12,500.00 and he said that anytime within six months payment could be made. Since Sim Gideon handled the deeds on the other stuff and is familiar with that property, I am going to send him a copy of this letter and ask him to contact you for details.

I am sure you will hear from Mr. Marsh or if not, you will want to confirm with him because he says he will be here through Friday. I am saving a copy of this letter to show him because I will see him later in the week.

If you will get Sim to draw up the deed and in a day or two I will tell him where we can get the money to pay you when the "details" of preparing the papers and signing are out of the way.

I don't think I would have ever had the pleasure I am going to get out of this land except for your interest and I think you know I shall never cease being grateful to you.

If you don't mind I would like for you to get confirmation on this and get it down as soon as you can because I want to make arrangements for a saw to cut down some cedar when I am home. I plan to fly down there about October 10th.

Love,

Lyndon B. Johnson

My dear Connoisseur -- wrong spelling for expert,

I have been instructed by what remains of the House of Lords that inasmuch as their whiskey has no value whatsoever, and is to be dumped on America for planes, that you have been designated as the American Ambassador-at-Large to determine just what Scotch whiskey should be permitted to come in in quantity to this country. There is no Waldorf-Astoria Scotch in this consignment, because it is generally used only for cabinet officers.

There is as a fee being sent to you a bit of other spirits. I trust that, as the Royal Taster being loaned to Roosevelt by King George, that you will protect the American palet. As soon as your findings have been received, you shall be entitled to a case or two of so and so, which must be determined by January fifteenth, as the sender is going out of business about that time, and will not fix prices. A deposit has been left with him to cover this tasting business.

Sincerely,
