## PERSONAL PAPERS OF LEO S. PACKER

**Creator:** Packer, Leo S., 1920-

### Biographical sketch:

Leo S. Packer was an engineering executive, diplomat, and consultant who served as Assistant Postmaster General for Research and Engineering, director of technology policy and space affairs at the Department of State, science and technology counselor at the U.S. Embassy in Paris, and director of the U.S. and Egypt research and engineering program of the U.S. National Research Council in Cairo.

### Scope and content note:

This collection consists of correspondence, reports, speeches, and newspaper clippings collected by Leo Packer that are related to his service as Assistant Postmaster General for the Bureau of Research and Engineering. The papers cover postal issues that include technological improvement, automation, system analysis, labor-management relations, organization, buildings, vehicles, zip codes, and postage rates. The papers also contain materials on Mr. Packer's career, public statements, friends, associates, and achievements.

- Date range of collection: 1966 - 1968
- 10 linear inches
- Not available for research
- 1 series
