Wednesday Night -

Darling -

I've been very busy since I left you -
but not too busy to think of you -
think I would get extravagant again
and call you tonight if I felt
that you could be reached. Your
wire this morning was thoughtful
but not nearly as complete and
as satisfying as a letter would
have been.

Monday Night I stayed in Floresville -
talked to Mr & Mrs Fore until after
two Tuesday Morning and had to get
up for breakfast at six. Told them
all about you and us -

2/ I am full Denver Chestnut, W.O. Texas and several other mutual friends drove down to see me. Tuesday I visited Denver in Kenedy - Talked ~~for~~ the Rotary Club at noon on the work Kishyton is doing - Met many new faces and did some work until almost five. Didn't get home until late and was out bright and early this morning. When I got to the Hotel I learned Mr. Hersberg and Roy Miller were calling me. Both wanted to know why I was in Texas and Mr. Miller said he was hurt because I didn't bring you to the hotel.

Said Mrs. Miller had told him we looked suspicious at the Home Sec. Lunch -

Gene & Denver insist that we take plenty of time and go to Mexico City - They think we can arrange for transportation etc -

May I have your ideas?

Tell me if we will need tickets for the Texas - GTHI game -

Nelly said he would be in Austin with us Thanksgiving but I didn't tell him that it would happen that day -

I'm sure you know how kindly I must feel about Mr. Keig and F.D. -

Things here are very, very bad. I plan to
go to Austin next week. Would you prefer
to meet me in Houston instead?

In the hope you will be at home
expecting a letter I've penned these few
pages. More will follow when I'm
fully rested
