

We have 2 floors here where only Congressional people live -
number A & B. Formerly I lived in 1 B - now live
in a larger, prettier room 10 A.

9:30 Saturday evening

Dearest -

They told me at the desk as I came in that
the last mail pick-up tonight was at ten so
of necessity this letter may be briefer than usual.

In the beginning I want to tell you how
happy I am tonight. Blue, depressed, all
day yesterday - I came home from the
office and slept from 3:30 to 5. A.S.
Waked me at five and said "Hold your
hands and close your eyes" I did and
he gave me a letter from the sweetest
girl in all the world. I read it, reread it,
kissed the picture of my darling and
chased off to school. At home I had arranged
to have dinner with Helen Branch and
Carol Piper. Helen is my little radio
writer friend and Carol is Secretary to
Chester Davis, Administrator of the AAA.
Both very interesting and highly intelligent.
Carol had to catch a train at nine thirty

So we eliminated the dinner and I talked -
just talked - with Helen until late. This
morning I couldn't get up - too sleepy - too
lazy, or something. When I got to the office
at ten I had two letters. Gene had
replied to my letter. You had sent me
an airmail - and Vic just been
rejoining all day.

Your airmail was posted at Marshall
at 1:30 PM - Sept 27 and I received it
at ten today. The letter you sent yesterday
was mailed at Kamaek at 11 sometime -
I think the 26th but it isn't clear. It
was written Monday night. Your airmail
received today was written Wednesday
night and in it you said you had
written me only twelve hours earlier.
That means you wrote me Tuesday and
the chances are better than even that
I'll have a letter Sunday. I do so want
it - - - two of them if possible.

Tomorrow I'm going to have dinner with Bill and Irene White. They live out in Virginia and we are going out at 1:30 - even if we aren't hungry so I can get back in time to study.

Now I'm going to answer some questions. I want the big picture you were going to find for me - the little ones you were going to have developed and the ones you may have made in Dallas at the ADP - Of course I want you in Washington after Thon's going ^{but} ~~there~~, if you don't even listen to that plea, then a picture is the next best. Think you will enjoy reading if you haven't already "The New Dealers". I'm sure you have seen the Autobiography of Lincoln Steffens but I have it and will send them both on the next mail if you haven't read them.

I haven't had a reply to my wire sent last
evening so I'm just bubbling over thinking
about talking to you tomorrow night - I'm
going to kiss you, tell you I love you,
love you and --- had a test just
wait - I'll try -

Gene's letter gave me a lot of relief.
I take pride in her acquaintance, Cherish
her friendship and have a most sincere
respect and admiration for her. She
wounded me by what she told you in
Austin but today in commentary on
our love she said - "you are extremely
fortunate in having Bird's love - and well,
it works both ways. Doesn't that mean
a sincere stamp of approval? don't let
anything happen to interfere." With that sweet
~~that~~ expression again fresh in my mind
I'm off to catch the postman and will be studying
the long time before I trust myself in tonight's
all my love. ^{Adeline}
