

## REFERENCE FILE

This artificial collection consists of copies of materials from the LBJ Library holdings and a variety of outside sources, especially newspapers. The Reference File was assembled by LBJ Library archives' staff to bring together materials on topics of interest to researchers. Some folders include multiple copies of the same document(s).

While not an archival collection, researchers may view Reference File folders in our Reading Room, but use of some items may be restricted by copyright. As we continue to new add folders to the File, the list may change. For the most up-to-date version, please contact us at [johnson.library@nara.gov](mailto:johnson.library@nara.gov).
