### NATIONAL SECURITY FILE

#### International Meetings and Travel

For list of folder titles, see page 2.

#### Scope and content note:

This series contains briefing and planning material, cables, memorandums, speech drafts, reports and other material on foreign trips proposed for or taken by President Lyndon B. Johnson, his family, Vice President Hubert Humphrey and other administration officials, together with material on international meetings they attended.

Some of the major presidential trips reflected in the files include the October 1966 Asian trip to attend the Seven-Nation Conference in Manila; the April 1967 trip to the Inter-American Summit in Punta del Este; another April 1967 trip to attend the funeral of former German Chancellor Konrad Adenauer; and the "Around-the-World" trip in December 1967 to attend the funeral of Australian Prime Minister Harold Holt, at which time the President met with Pope Paul VI at the Vatican.

These files also include material on several trips to Mexico by the President, his July 1968 trip to Central America, and on trips to attend meetings on the Vietnam War in Guam (March 1967) and Honolulu (February 1966 and April 1968). The file contains material on McGeorge Bundy's February 1965 trip to Vietnam and on meetings of North Atlantic Treaty Organization (NATO), Southeast Asia Treaty Organization (SEATO), and Central Treaty Organization (CENTO).
