Did you hear the Johnson's discuss the Khrushchev dinner at the White House? Can you make a statement on their impression under Notes concerning the Senator's Activity? And, wasn't Walter at Breakfast? His impression that you might have heard immediately after their first meeting is important.

## United States Senate

### MEMORANDUM

With the time elapse I am unable to give ~~any~~ direct quotes of the Senator's but he did say that when the President introduced him to Mr. Khrushchev Mr. K said oh, I know all about him. I have ~~read~~ all his speeches and I don't like any of them. (I can't, as I said, put quotation marks around that because the Senator has told the story several times since but this is the general statement.)

*each time a little  
differently*
