# XI. Interagency Committees (Including ICO)

## G. Interagency Committee on Oceanography

### 2. Other Committee Documentation

#### 1964

3/ Correspondence re a compilation of FY 1966 NOP elements XI.G.2.a

#### 1965

3/ OST Report on Role of FCST, 1964, 1963, citing ICO activities XI.G.2.b

4/ Analysis and recommended federal action for a national oceanographic program XI.G.2.c

7/7 ICO panel responsibilities XI-G.2.q

12/ Letter, Hornig/Morse, forwarding copies of Underseas Vehicles for Oceanography XI.G.2.d

#### 1966

9/ Letter, Frosch/Hornig, stating early arrangement for ICO/Council relationship XI.G.2.e

\*

9/ ICO recommendations and agency back up re 1968 Program and implementation of PSAC proposals. XI.G.2.f

#### 1967

2/67 Compilation listing ICO actions during calendar year 1966 XI.G.2.o

3/ OST Report on Role of FCST, 1965 and 1966, citing ICO activities XI.G.2.g

3/30 Memo to files from Arnold listing ICO panels in operation. XI.G.2.p

### PRESS RELEASES

#### 1966

1/10 Publication of Scientific and Technical Personnel and FY '66 Ship Operating Schedules XI.G.2.i

2/18 Release of report on University Curricula in Oceanography 1965-66 XI.G.2.j

5/4 Statement by Morse to Special Senate Subcommittee on Sea Grant XI.G.2.k

5/18 Presidential letter forwarding NOP for 1967 XI.G.2.l

11/22 American Oceanographic Trade Show in Europe cosponsored by ICO XI.G.2.n

| 10/21/67 | Memo from J. Califano, Jr. to Dr. Wenk with guidelines for preparing annual Report to Congress.                                                           | XV. L.    |
| 5/31/68  | Letter from J. Califano, Jr. to Dr. Wenk establishing guidelines and schedule for Departmental Histories Project.                                         | VII. 166a |
| 6/28/68  | Presidential memo to Department and agency heads notifying of impending spending restrictions for FY 69.                                                  | I. 58     |

## XV. Council Administrative Activities

### G. Transfer of ICO Authority to Council

1966

|             |                                                                                                                                                                             |              |
|-------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|
| 8/17        | VP Statement at 1st Council meeting - states that annual report should be prepared by Council but that ICO machinery will be retained and will cooperate                    | II. A. 1     |
| 8/17        | Press Statement by V. P. following Council meeting                                                                                                                          | II. H. 1. b. |
| 9/7         | Letter from Hornig to Frosch - outlines decision with VP that Council should prepare Annual Report and ICO should assist on the effort                                      | VII. 2       |
| 9/14        | Minutes of ICO meeting - Discussion of ICO - Council relationships                                                                                                          | XI. G. 1. x  |
| 9/28        | Letter from Wenk to Frosch - discusses Council staffing arrangements, mentions assignment of Abel as assistant to Council                                                   | VII. 9       |
| 10/31       | Letter from Wenk to Charles Kidd (FCST) clearance of of ICO documents through FCST                                                                                          | XV. G. 1     |
| 11/23       | Revised draft memo of understanding to discuss transfer of ICO                                                                                                              | XV. G. 2     |
| 12/9        | Notes from Mullen/Wenk and Wenk/Mullen re: draft memo of understanding and proposed drafts of letters to Hornig and Frosch                                                  | XV. G. 3     |
| 12/20       | ICO-Council meeting minutes - discussed future relationships                                                                                                                | XI. G. 1. y  |
| <u>1967</u> |                                                                                                                                                                             | *            |
| 1/10        | Letter from Wenk to Frosch transmitting memo of understanding on ICO transfer for comment                                                                                   | XV. G. 4     |
| 1/10        | Letter from Wenk to Hornig - draft memo of understanding for comment                                                                                                        | XV. G. 5     |
| 1/12        | Draft memo of understanding on ICO transfer                                                                                                                                 | XV. G. 6     |
| 1/13        | Draft memo of understanding with covering note from Mullen to Wenk -                                                                                                        | XV. G. 7     |
| 3/6         | Council draft of memo of agreement re: ICO transfer                                                                                                                         | XV. G. 8     |
| 3/13        | Council version of memo of agreement re ICO transfer                                                                                                                        | XV. G. 9     |
| 3/16        | Letter from Frosch to VP - letter written but not sent until 6/27 due to request to withdraw it at earlier date, requests transfer of ICO to Council and retention of staff | XV. G. 21    |

1967

|      |                                                                                                                                                                                       |           |
|------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| 3/20 | Letter from Wallen to Shykind - comments on ICO draft memo of agreement                                                                                                               | XV.G. 10  |
| 3/25 | Wenk memo to files - review of ICO/Council relationship to date, and points of agreement and opposition with Frosch                                                                   | XV.G. 11  |
| 4/10 | Memo from Dillon to Wenk - comments on status of March 13 memo of agreement re: reconstitution of ICO                                                                                 | XV.G. 12  |
| 4/10 | Memo from Dillon to Wenk - BOB reluctant to see new and separate MSIO                                                                                                                 | XV.G. 13  |
| 4/11 | Memo from Dillon to Wenk - states that ICO personnel conceive of ICO and MSIO as serving Commission and other govt. agencies as well as Council                                       | XV.G. 14  |
| 4/11 | Draft paper by Dillon - alternatives for ICO staff relevant to ICO transfer to Council                                                                                                | XV.G. 15  |
| 4/14 | Letter Frosch/Wenk - clearance of ICO reports thru Council                                                                                                                            | XV.G. 15a |
| 5/8  | Letters from Frosch to Wenk and Wenk to Frosch - review of drafts of ICO documents by Council staff                                                                                   | XV.G. 16  |
| 5/12 | Memo of Understanding (draft) - defines ICO/Council relationships and future interaction                                                                                              | XV.G. 17  |
| 6/5  | Letter from Wenk to Hornig - comments on Fed. Council endorsement of transfer of ICO so as to report to marine council at Feb. 28 meeting                                             | XV.G. 18  |
| 6/21 | Letter from Hornig to VP - requests meeting to make final decisions on ICO transfer to Council                                                                                        | XV.G. 19  |
| 6/21 | Letter from VP to Hornig - comments on failure to resolve details although FCST concurred in full transfer of ICO                                                                     | XV.G. 20  |
| 6/27 | Letter from Wenk to Hornig - requests early reassignment of ICO due to press reports of Navy-Council friction                                                                         | VII. 93   |
| 6/27 | letter from Frosch to VP asks for resolution of ICO/Council relationship in view of impass on memo of agreement                                                                       | XV.G. 21  |
| 7/13 | Minutes of 7th Council meeting - VP discussed consensus from discussions with Hornig, Navy & BOB regarding ICO                                                                        | X.G. 1    |
| 8/3  | Letter from Wenk to Frosch - requests former ICO staff continue to be assigned to assist Council by handling outside requests, suggests review of files and temporary detail of staff | XV.D. 2   |

Status:

Phase I completed as of Feb, 1968, and report cataloged as document V.B.4      Phase II now underway.

Contract - Encouragement of Private Investment  
Enterprise in Marine Resources and  
Engineering Development; National  
Planning Association, \$75,000

Documentation:

- Task Statement XV-J-12
- Memo Council/NSF/NPA forwarding proposal  
for oceanic study requested by Council 5/31/67 XV-J-12a
- Sole Source Justification 6/5/67 XV-J-12b
- Outline of scope of work to be covered  
in NSF contract 6/9/67 XV-J-12c
- Letter NSF/Council re amending NSF  
contract to include Council study proj., 6/13/67 XV-J-12d
- Letter Council/NSF forwarding memos of  
agreement on amending NSF contract 6/27/67 XV-J-12e
- Letter Haworth/Wenk re increased NSF fund-  
ing of NPA contract 9/30/67 XV-J-12ee
- Memo NSF/NPA proposing reorganization plan  
for study and list of papers prepared 2/20/68 XV-J-12f
- Memo from Council to agencies forwarding  
draft of report 1/22/68 XV-J-12g
- Council memo concerning extending con-  
tract with NPA 2/29/68 XV-J-12h
- Council memo asking if NPA study should be  
reviewed by outside consultants to see merits  
for continued support 3/4/68 XV-J-12i
- List of expenses incurred 3/18/68 XV-J-12j

- Memo NPA/Council commenting on draft  
report 3/20/68 XV-J-12k
- Letter NPA/Council commenting on draft  
report 4/4/68 XV-J-12l
- Letter NSF/NPA responding to Jaffe's (NSF)  
April 4 comments 4/19/68 XV-J-12m
- Council internal memo suggesting acceptance  
and publication of report and evaluating  
contractor's performance 5/13/68 XV-J-12n
- Letter NPA/NSF re revising and scheduling  
remainder of report 5/27/68 XV-J-12o
- Letter NSF/NPA forwarding revised outline  
and commenting on remainder of effort 6/10/68 XV-J-12p
- Draft of abstract of report for Clearinghouse  
advertisement XV-J-12q

Status - Report published and cataloged as document V. B. 6

## J. Contract Operations

13. Systems Analysis of a Fishing Industry;  
Litton Industries, Marine Technology, Inc., \$89,373

Documentation:

- Description of tasks and criteria for proposal evaluation  
5/18/67 XV.J.13.a
- Persons contacted re contract scope and contractor  
capabilities 5/31/67 XV.J.13.b
- Companies invited to bid 6/5/67 XV.J.13.c
- Letter from Marine Technology forwarding proposal  
(attachment) 6/12/67 XV.J.13.d
- Letter from Marine Technology covering addendum to  
proposal 6/22/67 XV.J.13.e
- Telegrams between Council and Marine Technology  
offering and accepting contract 6/28/67 XV.J.13.f
- Contract 6/28/67 XV.J.13.g
- Findings under Fed. Prop. & Services Act to enter into  
cost-plus-fixed-fee contract 6/29/67 XV.J.13.h
- Letter from Litton returning executed contract with  
revision 7/5/67 XV.J.13.i
- Description of contractor selection process 7/7/67 XV.J.13.j
- Letter from Litton re costs incurred and invoice  
submission 7/7/67 XV.J.13.k
- Letter from Council to Marine Technology forwarding  
contract and discussing overruns and payments 7/10/67 XV.J.13.l
- Letter to Council from Marine Technology forwarding  
report on boundary conditions of study 7/27/67 XV.J.13.m
- Council internal memo covering meeting with contractor  
to review work 8/7/67 XV.J.13.n
- Progress Report 9/15/67 XV.J.13.o

- Letter from Marine Technology forwarding interim summary 10/2/67 XV.J.13.p
- Council internal memo circulating copies of final report 12/11/67 XV.J.13.q
- Letter from BCF to Council re review of contract study report 4/12/68 XV.J.13.r
- Internal Council memo urging acceptance of final report 4/16/68 XV.J.13.s

Status: Contract completed and report catalogued as document  
#V.B. 8 (two parts)

Contract Operations

| May 27   | Memo Barden/Long forwarding description of catalog contract                                                                                                                                                                                 |          |
| May 27   | Memo Arnold from Wenk citing contract priorities as viewed by Executive Secretary, listing catalog contract as highest.                                                                                                                     | XV-J-26  |
| May 28   | Memo Staff/Barden forwarding descriptions of FY '69 contracts                                                                                                                                                                               | XV-J-2   |
| June 3   | Memo Staff/Arnold listing contract priorities based on staff recommendations. Catalog contract in 2nd place.                                                                                                                                | XV-J-26n |
| June 3   | Letter Henning, GPQ from Long (following up telecon) requesting estimate of printing costs for catalog.                                                                                                                                     | XV-J-26o |
| June 6   | Letter Long/Henning, GPO, forwarding informal estimate of catalog printing costs.                                                                                                                                                           | XV-J-26p |
| May-June | Discussions with agency liaisons re contract specifications and requirements. No problems except with Navy which said that only basic research program (no applied) could be prepared in time for cataloging.                               |          |
| June 14  | Memo Arnold/Long in accordance with memo of June 3 submitting revised task statement for catalog. Also, pointed out Navy problem in providing only basic research program.                                                                  | XV-J-26c |
| June 28  | Memo Barden/Arnold requesting that a contract (about \$35 K) be prepared.                                                                                                                                                                   | XV-J-26  |
| July 3   | Letter Freeman, SIE, /Long requesting updated cost estimate for preparation of catalog.                                                                                                                                                     | XV-J-26s |
| July 17  | Letter Long/Hersy, SIE, providing detained cost estimate.                                                                                                                                                                                   | XV-J-26t |
| July 18  | Memo Barden/Long citing contract specifications                                                                                                                                                                                             | XV-J-26u |
| July 24  | Letter Frosch/Wenk requesting that Navy provide applied research summaries as well as the basic research component.                                                                                                                         | XV-J-26v |
| July 22  | Memo to Council staff and Shykind, CMREF, from Arnold requesting comments on catalog contract specifications attached.                                                                                                                      | XV-J-26w |
| July 30  | Checked contract specifications with Wilbur Wilson, NASA, and documented with memo to Barden which also forwarded copy of a water resources catalog contract as a sample and mentioned that SIE estimate does not include publishing costs. | XV-J-26x |

|          |                                                                                                                                                                                    |          |
|----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| Aug. 1   | Letter Long/Shykind commenting on catalog specifications. Indicates basic agreement. Suggests listing of projects by State.                                                        | XV-J-26y |
| Aug. 14  | Letter Wenk/Frosch stating that both Navy's basic and applied research program will be reported to the extent found possible.                                                      | XV-J-26z |
| Aug. 29  | Memo Hersey, SIE,/Long forwarding copies of proposed contract for review and comment before formalizing.                                                                           | XV-J-26a |
| Aug. 29  | Memo Arnold/Long stating that copy of contract had been sent to SIE for review and describing product to result from contract for a final look and consideration prior to signing. | XV-J-26b |
| Sept. 5  | Memo Arnold/Wenk approves draft of contract and questions development of descriptions and number of copies bought for \$3,000 printing cost estimate.                              | XV-J-26c |
| Sept. 5  | Memo Arnold/Long responds to Wenk's questions in Sept. 5 memo.                                                                                                                     | XV-J-26d |
| Sept. 6  | Memo Wenk/Arnold forwarding answers to Sept. 5 questions, and, a note from Arnold to Long to proceed with contract                                                                 | XV-J-26e |
| Sept. 6  | Copy of contract sent to SIE for review                                                                                                                                            |          |
| Sept. 12 | Contract revised on basis of comments sent by SIE (where it was also reviewed by Hurlbut) on Sept. 11                                                                              |          |
| Sept. 13 | Memo Arnold/Long outlining procedures for assisting in first stage of contract study and requesting endoresement                                                                   | XV-J-26f |
| Sept. 16 | Contract sent to Smithsonian for signature                                                                                                                                         |          |
| Sept. 20 | Memo to Wenk with suggestions for "first stage" effort and draft of letter for input                                                                                               | XV-J-26g |
| Oct. 16  | Sole Source Justification                                                                                                                                                          | XV-J-26h |
| Oct. 2   | Meeting with agency liaisons at which time contract described                                                                                                                      |          |
| Oct. 2   | Contract signed                                                                                                                                                                    |          |
| Oct. d4  | Letters to agancies noting contract signing                                                                                                                                        | XV-J-26i |
| Oct. 1-4 | SIE mailed summaries; contacted non-Feds; and agreement with DDC re DID summaries was reached                                                                                      | XV-J-26j |
| Oct. 17  | Letter forwarding Council contract summaries for catalog                                                                                                                           | XV-J-26k |
| Oct. 18  | First progress Report by SIE                                                                                                                                                       | XV-J-26l |

|          |                                                                                |           |
|----------|--------------------------------------------------------------------------------|-----------|
| 10/13-17 | Agency acknowledgments of Council's letter of October 4 asking cooperation     | XV.J.26mm |
