My Dear Friend:

Your broadcast last Monday evening the 16th. was the best and most successful that my family and I have ever witnessed. We enjoyed every minute of our time and it was encouraging to us to see such a record breaking crowd turn out for the event.

My mother and wife wanted to meet you very much that night and we are all glad that they succeeded in shaking hands with you and let you know that my whole family is also 100% for you.

instead of the 16th through the 23rd as I had planned at first,
During my vacation from the 2nd. through the 7th. I did devote my full time in distributing your literature from here to Uvalde and back again and then to Paris and to Austin again and I am still going strong here in Austin in distributing your literature with the intention to do so until next Saturday week the 28th. The votes cast next Saturday week the 28th. will reveal the efforts of your true and loyal friends. Mr. Pickle has some pictures of myself taken by a certain D. W. Suttle of Uvalde where I was distributing some of your literature while the wife was visiting her grandmother, Mrs. Ann Reinemer, at Sabinal only 22 miles east of Uvalde. Mr. Pickle can tell you all about the pictures as I told him that Col. Watson of the local U. S. Organized Reserves as well as a policeman and a ~~XXX~~ Sergeant of the regular Army in Uvalde at the time told me that due to the fact that I had purchased those khaki clothes with my own hard earned money while I was in active service with the Texas National Guard and that because of my wife and mother and two small children I was placed on the inactive list and was not allowed to go to Brownwood on that account, then they couldn't see why that it was not all right for me to wear those clothes wherever and whenever I pleased. ~~XXXXXXXX~~ I explained to Col. Watson and all others that were interested that I held no political job but had a week's vacation with pay from my job and felt that to get out of the office into the open as much as possible during my vacation and help in my small way a man who I felt deep down in my heart and soul was best qualified to fill the post left vacant by the death of Hon. Morris Shepherd would be the best thing that I could do. I also explained to all that were interested that I asked for no pay nor any promise for any directly nor indirectly for the distribution of the literature, but did it on my own free will. Regardless, of what the future may hold for any and all of us, I will say from the bottom of my heart that I said and did my best during that short week the things that I thought was best and right and acted and did as a gentleman at all times and places and have no regrets to make except that I wish it had been possible for me to continue distributing your literature on a full time basis right up to the 28th. of June.

So much for those things, and now I hope you will permit me to send you

some snap-shots of my immediate family except a few members whose presence were elsewhere. The pictures inclosed are of my wife, our ~~XXXX~~ two-and-one half year old son, eight months old baby girl and my wife's grandmother Mrs. Ann Reinemer of Sabinal, Texas. In that same rocking chair that Mrs. Reinemer is rocking our baby ~~XXX~~ girl she also rocked our boy in it when he was a baby as well as my wife and her father when they were babies. So, you see we were anxious to see my wife's grandmother and the old rocking chair again. That is a close-up of our baby girl in her crib, holding herself up in one picture and laughing and crawling on her little hands and knees ~~XXXX~~ in the other picture. And by the way, do you notice something else---we didn't notice it until after the pictures were developed that by accident we placed the baby's crib directly in front of one of your placards tacked on a post on our front porch.

I will say only a few more words and then I will close.

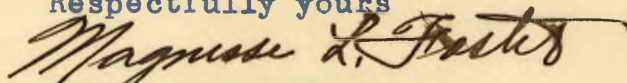

It would give me much pleasure to tell you my whole family history but time will not permit. I will say this though, my father was a country ~~XXX~~ doctor up in ~~XX~~ Hopkins and Wood Counties for seventeen years. At the age of forty he died of the influenza and double pneumonia and that day I shall never forget. On October the 6th. Dad was forty and on the 24th. he passed away with that then dreaded ~~X~~ "flu" and pneumonia which he helped many others to overcome but could not overcome it himself as his resistance was too low when it did really get a hold of him. He had 28 patients to see out of each 24 hours, so you can see he was a very busy man. At that time I was nine years of age and mother's youngest child as I had an older brother and sister near my own age but our oldest brother was in France. Then the Armistice was signed the 11th. of Nov., the next month. Mother managed and how I don't know with us three little kids you might say with the money and property Dad left until we were all grown except our sister who died November 1922. Dad left plenty of money and property too, but it takes plenty to rear a family, to rear all of us and educate us too but naturally lots of people took advantage of mother because she was a sad and heart broken woman and skinned and beat her out of lots of money and property and for that reason it makes me want to go to night school, as I mentioned to you in one of my letters to you in the past, and study law in order to be admitted to the bar and go back to the places and people and by virtue of the Homestead Law and others that research will uncover and by law and order reclaim that which is justly ours. The next time you see me I may be studying law.

However, in the meantime I am ready now and will always be ready to say and do all things possible for you and our President and our nation in my small way. Even to the going of war and joining my ~~E~~ oldest brother who is in London and has been for about a year and a half now.

I am ready now and whenever and wherever the United States Government says for me to go that I will. I would volunteer gladly right now in the Medical Corps of the United States Army if I thought they wanted me and needed me. Naturally, and it is best that the government does not want married men with dependents when there is plenty of single men without dependents to choose from now.

With every best wish for your success in the U. S. Senate race my whole family joins me in extending you the best of luck.

Respectfully yours

Marnesse L. Foster

our mutual friend _____
 has expressed his confidence in
 my ability to ~~serve~~ ^{represent} your section
 do the best job in serving ~~the~~ ^{these} people
 of ^{the} Ozona as well as the rest of the state.

And I do appreciate, that word of confidence

At this time, it seems impossible that I can personally meet you before June 18th therefore I like to write a few lines in behalf of my candidacy.

As you know, I'm not filling the
air with a bunch of wild promises, but I'm
offering myself on the platform that I am
the best qualified to serve your interests in the
U. S. Senate. Franklin D. Roosevelt has been
chosen our leader, therefore I think it is my
duty to help assist him in every possible manner.
Of course, I shall express my opinions
loudly & strongly on every matter, but when the
majority have expressed their opinion ^{regarding my personal opinion} I'm going
down the line with them and their leader,
for the sake of unity.

I have a special interest in the
problems in your people & the ranching country.
I was born and raised in the same place. Just raising
Blanco Co. Yes, you come from my kind of
people and I'm ready to serve you.

Dear Jake,

Nal and I surely do thank
you for the luncheon set in the
cellophane case. The good thing
about a set with plate doilies
is that two people can use the

set twice as long as four, and it
sure cuts down on the laundry.

We're campaigning for Lyndon
every day, and it looks as if he's
picking up votes fast. Keep up the
good work; he's off to a fine start.

Thanks again, Jake, for the
wedding gift. You all hold down
Texas for me, because when we
leave on June 15 we'll never be

back to live. I'm counting on
the "little machine" to go places in
politics, so you and John and
Nellie and Sugar carry on.

Good luck in all you do.

Sincerely yours,

June 6 -

Dearest Jackie Boy, -

I'm taking time off this afternoon and writing to the family, and to make the job complete I phoned Josie instead of writing. Wish I could do that with you all. We went to El Paso Sunday and will come home with Janette and family when they come for their visit which will be about the 12th according to plans now.

Jon is coming over too so can't you make a run up when this election is over? I think Janette will still be here then. Maybe she can see more of you than when you were in El Paso. and as an inducement I'll say the fryers are fat and fine. We have had some bit of rain this spring and things are looking fine at present but another rain would be fine now. Pops Sudan patch is really pretty. We have had some green onions from the yard even if we may not get any thing more. The beans are blooming. Pops puts all his

spare time in the yard,
How is the campaigning coming along?
I surely hope Mr. Johnson wins.
It does look like the people would learn
Mr. O'Daniel's promises are not much
more reliable than Hithers.

J.C. got home last week but left in
a day or two for Indiana, Maude
went with him as far as Paducah
to visit her mother and of course will go
on to Fulton to see the rest of the "kiss"
your Dad has just come in so I'll join
him in the yard work by cutting some
weeds. He some how doesn't like that
job, and they surely are rank and numerous.
I have been putting in lots of time
quilting for the past 3 weeks but got it
out of the frames yesterday and I'm really
rejoicing. Every one here is fine. Hope
you can come visit us soon (over night
any way). When you can find time write
us, Lots of love - Mom (The snow, had about
one inch rain early
this morning, Pop saying
P.S. Mid Smith was buried here Sunday afternoon)

Mr. J. B. Pickle
Box 1068
Big Springs, Texas

Dear Pop:

I just talked to a friend of mine in the land office who gives me the following facts in regard to the property that you inquired about in your recent letter.

Section 18, Block 34, TSP-1 South in Howard County, was taken over by the land office on April 25, because no interest was paid on property from the year 1932 to date, the amount totaling \$359.34 on the land. The land office has attempted to locate the owner to take care of this matter, but has not been successful in locating her. The owner is listed as Mrs. C. W. Spence, Levelland, Texas. In the meantime, a grazing lease was granted to Mr. M. M. Edwards.

As I understand it, before any other party can lease or purchase any part of this property, it will be necessary that an assignment be granted by Mr. M. M. Edwards. Apparently, the thing to do would be to locate Mrs. C. W. Spence and see that the interest was paid. I understand that you or any other person could pay the interest and be a qualified possessor of this property. However, that would not break the grazing lease of Mr. Edwards unless an agreement was reached between parties concerned, and if Mrs. Spence were to show up later, she, of course would make the rightful claim as owner of the property. I hope this gives you the information you desire. If it does not let me know and I will be glad to get further information.

We are feeling a lot better about the campaign every day inspite of W. Lee's announcement. We have been greatly encouraged by the reports coming in from all sections of the state and are sincerely confident that W. Lee's announcement is not going to hurt us, and that he will not get near the votes he did before. As it stands now, the issue is one between Roosevelt and O'Daniels. Gerald Mann and his bunch are low in spirits.

Our organization has been in better spirits the past three or four days than they have been since the first few days of our announcement. We are still going to win.

Regards to the folks, and with lots of love, I am

Sincerely yours,

Jake

SAFETY ITEMS

TIRES—Smooth treads ☐, bad cuts ☐, or injured sidewalls ☐ invite accidents and inconvenience. Uneven tread wear ☐ may indicate need for wheel alignment. Check tire condition at frequent intervals as an aid to safe driving.

LIGHT BULBS—Burned out head lights or tail lights may contribute to highway accidents. In some states fines may result from driving with a burned-out light. Your car needs a head light ☐, tail light ☐, parking light ☐, stop light ☐. Let us replace it for you.

WIPER BLADES—While driving in the rain, you need clear and distinct vision ahead. We have checked your windshield wiping system and you need—

- ☐ A new wiper blade, a new wiper arm, or
- ☐ System not working.

FUSES—Fuses may burn out at any time, and for many different reasons. Carry spare fuses.

TIRE CHAINS—Keep tire chains in good repair and ready for instant use when needed.

BATTERY CABLE—A worn cable may cause a short in the electrical circuit, and interfere with instant starting.

HORN—You need your horn in perfect working condition to help avoid accidents. Check it at regular intervals.

FOR YOUR INFORMATION

This GULFLEX REGISTERED LUBRICATION protects your car with fine chassis lubricants and other specialized products—each providing outstanding lubrication for the parts serviced. These products have been applied with special equipment to assure a thorough and complete job. GULFLEX features a smoother riding—quieter running—easier steering car—safer in operation.

The GULFLEX REGISTERED RECORD—contains a complete history of the lubrication work we have done on your car.

Your car is a carefully made and assembled piece of mechanism. It will give you better performance and more economical operation if you follow a definite lubrication schedule. Here is a—

RECOMMENDED LUBRICATION SCHEDULE

THE MOTOR—

It is good practice to change motor oil at least every 1000 to 1500 miles in Summer and 500 miles in Winter.

Oil should be changed at recommended intervals primarily because of outside contaminating substances which enter the oil while in use. These include the following :

1. Dirt such as road dust and sand.
2. Small metal particles sometimes found in the crankcase.
3. Water, due to condensation of moisture from products of combustion and from the atmosphere, may mix with the oil to form sludge.
4. Partially burned oil tends to mix readily with any water present to form sludge which may plug oil screens and oil lines.
5. Unburned gasoline which may dangerously dilute or thin out the oil.

THE CHASSIS—

In general the chassis of your car should be thoroughly lubricated at 1000-mile intervals.

The level of the lubricant in the Transmission and Rear Axle Housing should be checked every 1000 miles and lubricant renewed at 5000-mile intervals or each Spring and Fall.

Front Wheel Bearings should be lubricated at 5000-mile intervals.
Covered Springs should be lubricated at 5000-mile intervals.

You will find it economical to form the habit of bringing your car to this station for—

GULFLEX REGISTERED LUBRICATION

Not only is it beneficial to follow this schedule, but you receive a thorough job with the correct lubricant for every point. These lubricants are applied with modern lubrication equipment.

THE COMPLETE RECOMMENDATION FOR YOUR OWN CAR

See the complete lubrication schedule for your own car—in our Gulflex Guide. You can check everything you want to know about the lubrication of all mechanical parts of your car.

JOHNSON
FOR SENATOR

Dear Jarrell:

May 20, 1941

I heard W. Le@ last night make the long looked for and expected announcement that puts him in the Senate race. What do the people down there think of it? Out here he is expected to win, as the line-up now stands. It appears to me that it would be folly for Mann, Dies and Johnson^{all} to remain in the race. Is there not some way a conference between the above three mentioned candidates could be held with a view of eliminating two of the three. The one that was left would have a good chance to win, and while I would very much prefer to see Lyndon Johnson elected, in my opinion either of the other two would be preferable to O'Daniel. If O'Daniel is elected he will probably be in the Senate from Texas for many years, and I certainly do not believe he could ever give Texas more than Mediocre representation. See if anything could be done toward eliminating two of the three above mentioned. Understand I believe, as between Johnson and O'Daniel, Johnson can win.

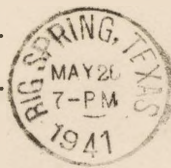

I want you to go at an early date to the Land Office and see what the Land Commissioner proposes to do about section 18, block 34, Tsp I south in this county which they recently took over. Ask if they intend to give each of the several former owners a chance to redeem their tracts, and if not I want to see if I can buy it, what price, terms, interest rate etc, the Land Department means to sell it on. I know a party who wanted to buy the west one half of this section, or all of it, if he could do so but it was sold before he got ready for it. He was waiting to get title the section which joins this one on the west, and he will get his deal closed next week. All well, plenty fryers from now on, come soon.

Sincerely
J.B. Pickle

EXPLANATION OF SERVICE CHARGE

This charge is based upon the activity of the account in proportion to the average daily balance.

It represents the difference between the possible earnings from the customer's balance and the cost of rendering services on the account.

A service charge is not intended as a revenue producer for the Bank, but as a means of placing each account on a self sustaining basis.

This Bank wants its services to be available to every resident of this community, whether the account be large or small, and this plan scientifically and fairly distributes the cost, treating every patron alike and enabling the Bank to handle any size checking account satisfactorily.

By this plan, depositors may have the privilege of a checking account without a charge by careful attention to the number of checks that they issue, and to their average balance carried in the Bank.

Each account will be analyzed separately, and no checking account is to be exempted from the service charge because of savings balances on which interest is paid.

THE RECORD OF LYNDON B. JOHNSON. CONGRESSMAN

AGAINST WORLD WAR VETERANS:

Congressman Lyndon B. Johnson was sworn in as a member of Congress on May 13, 1937. On June 1st, 1937, he cast his first important vote on legislation affecting World War Veterans. He voted against the best interests of the ex-service man. The bill to extend to all World War veterans the privilege of renewing, without medical examination, the expiring premiums on veterans insurance policies. The President had previously vetoed the measure. The vote was on overriding the Presidential veto. The vote to override was 372 to 13. Congressman Johnson was one of the 13 voting against overriding the veto of this aid to veterans.

AGAINST SPANISH WAR VETERANS:

Congressman L. B. Johnson repeated the aforementioned offense on May 2, 1940. The roll call was on a motion to override the President's veto of H. R. 289 which provided for the relief of officers and soldiers of volunteer service in the Spanish American War and Philippine Island service by paying their parents, widows or children a sum equal to travel pay and subsistence which veterans would have received under the law in force at the time of their service. The vote to override was 275 to 83. Congressman Lyndon B. Johnson was among the 83 voting against the interests of Spanish American War widows, children and parents.

AGAINST THE OLD FOLKS:

Congressman Lyndon B. Johnson, on June 1, 1939, in the first session of the 76th Congress voted against H.R. 6466. This was the bill to promote the general welfare by retiring old persons from gainful employment and provided for raising revenue to carry out this old age assistance plan.

FOR COMMUNISTS ON FEDERAL PAYROLL:

Congressman Lyndon B. Johnson voted against the bill to prevent pernicious activity among WPA workers. This bill passed Congress on July 20, 1939, and became law 252. Among other things this law prohibits membership, on the part of any Federal employee, in any political party organization which advocates the over throw of our constitutional form of government in the United States. CONGRESSMAN LYNDON B. JOHNSON VOTED AGAINST THIS PATRIOTIC AND NECESSARY BILL.

(The foregoing information is from the FACTUAL HISTORY OF THE FEDERAL GOVERNMENT which is compiled from the CONGRESSIONAL RECORD and published by CONGRESSIONAL INTELLIGENCE, INC., of Washington, D.C.)

He voted against the best interests of the ex-service man. The bill to extend to all World War veterans the privilege of renewing, without medical examination, the expiring premiums on veterans insurance policies. The President had previously vetoed the measure. The vote was on overriding the Presidential veto. The vote to override was 372 to 13. Congressman Johnson was one of the 13 voting against overriding the veto of this aid to veterans.

AGAINST SPANISH WAR VETERANS:

Congressman L. B. Johnson repeated the aforementioned offense on May 2, 1940. The roll call was on a motion to override the President's veto of H. R. 289 which provided for the relief of officers and soldiers of volunteer service in the Spanish American War and Philippine Island service by paying their parents, widows or children a sum equal to travel pay and subsistence which veterans would have received under the law in force at the time of their service. The vote to override was 275 to 83. Congressman Lyndon B. Johnson was among the 83 voting against the interests of Spanish American War widows, children and parents.

AGAINST THE OLD FOLKS:

Congressman Lyndon B. Johnson, on June 1, 1939, in the first session of the 76th Congress voted against H.R. 6466. This was the bill to promote the general welfare by retiring old persons from gainful employment and provided for raising revenue to carry out this old age assistance plan.

FOR COMMUNISTS ON FEDERAL PAYROLL:

Congressman Lyndon B. Johnson voted against the bill to prevent pernicious activity among WPA workers. This bill passed Congress on July 20, 1939, and became law 252. Among other things this law prohibits membership, on the part of any Federal employee, in any political party organization which advocates the overthrow of our constitutional form of government in the United States. CONGRESSMAN LYNDON B. JOHNSON VOTED AGAINST THIS PATRIOTIC AND NECESSARY BILL.
