AN ASSOCIATION OF
I.B.E.W. LOCAL UNIONS

"Cooperating for Progress"

June 3, 1941

TO ALL I. B. E. W. LOCAL UNIONS IN THE STATE OF TEXAS:

G R E E T I N G S:

The purpose of this letter is to endeavor to impress upon you the importance of unity of purpose and action for the defeat of an enemy of organized labor, who is a candidate for United States Senator, namely, Governor W. Lee O'Daniel.

The labor movement of Texas, generally, is supporting Lyndon Johnson for Senator. The labor movement of Texas cannot alone, so far as our actual voting strength is concerned, elect Lyndon Johnson United States Senator. We will be just as unsuccessful in defeating our enemies if the labor movement of Texas permits the various political agents to divide our strength and scatter our support.

The date of election is growing near, June 28 is the day. Each member of your Local should not only contact citizens of your community, in a systematic manner, but you should contact business and religious clubs, and civic organizations also. Request them to endorse Lyndon Johnson, for United States Senator, and follow up your call and see that they do endorse Lyndon Johnson for Senator. The issue is clear-cut and our choice lies between a friend or an enemy.
-----So what!

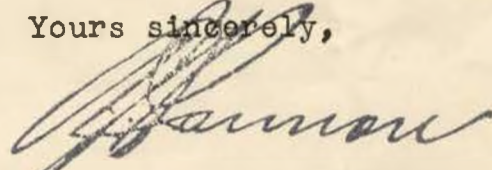

The labor movement generally is on trial and the Senators in Washington are the jury. We cannot be disinterested in this fight or go into it half hearted because your job and your wages and conditions are at stake. This senatorial campaign is more important than any organizing campaign that the labor movement has ever witnessed.

If you expect to be out of the city on June 28, which is election day, you should vote an absentee ballot. This may be done between June 8-21. Vote and see that our friends vote. We cannot afford to lose this election, and to win it we must cast every vote we have plus every vote we can get for Lyndon Johnson for United States Senator.

ENDORSEMENTS OF LYNDON JOHNSON FOR UNITED STATES
SENATE BY FARM MEN AND WOMEN

other than
Mrs. Daisy McKay, Belton: "It would be a calamity to elect any ~~other~~ man in the race ~~but~~ Lyndon Johnson."

Frank Jordan, farmer, Glidden: "Farmers of Texas are indebted to you and all think your record is splendid."

George Slaughter, Wharton, farmer: "You are entitled to the support of the agricultural and ranching interests of the state. I hope and trust that you will secure the same."

Clarence Matthews, Marathon, Brewster County stockman: "I hope you will win, because you are better equipped for the high office of United States Senator than any other man in the race."

G. Y. Lee, Eden, Concho County farmer and County Judge: "As soon as Senator Sheppard passed away, I said that I hoped that Lyndon Johnson would be a successor. I still cling to that idea, and I am doing all that I can to bring it about."

J. L. Wilkerson, Coleman, farmer and cooperative leader: "I consider Lyndon Johnson the most capable man that has announced for the United States Senate. He is the best friend of the farmer in the race and I intend to support him."

J. Walter Hammond, President, Texas Farm Bureau Ass'n., Tye: (Telegram sent to Lyndon Johnson) "Farmers of Texas deeply appreciate your untiring efforts on this legislation (full parity payment), and your influence in securing the President's signature to this measure. Its enactment means more than \$100,000,000. to the farmers of Texas."

farmer
J. P. Maxwell, Roxton, Lamar County: "Lyndon Johnson is a Congressman who has made good. His loyalty to the President, his constructive ability, and his untiring energy makes him the logical candidate to succeed the late Hon. Senator Morris Sheppard. I believe that the farmers, in particular, and the citizenship, in general, will see to it that he will triumph in the election."

J. R. McGrary, Calvert: "In the many trips that I have made to Washington at the invitation of Secretary Wallace and other agricultural department heads, I had many opportunities to visit with the late Senator Sheppard. On several occasions he told me of the wonderful record that young Lyndon Johnson was making, and expressed the highest admiration for his energy and his ability. My own knowledge of Lyndon Johnson, gained by personal contact, convinces me that of the various candidates for United States Senate, that it would be to the distinct interest of the farmers ~~in particular~~, and to the people of the state ~~in general~~, to have him as successor to Senator Morris Sheppard."

Barlow
L. T. Mayhugh, Plainview, -President of the Grain Corporation, one of the largest cooperative organizations in the southwest, says: "I am voting for Lyndon Johnson, first, because President Roosevelt has expressed his preference for him, and I am for President Roosevelt. Second, because his record in Congress reflects his ability to get results, and his experience shows him to be well qualified. In the conditions which we face, it seems to me that these are fundamentals. In addition to these, there is his manly fight for full parity payments, which demonstrates his consuming interest in the agricultural industry."

Lindberg first class mechanic and aviator.

This war is showing decidely that it is mechanical, and will grow more so as we go along; so the necessity of the nation is that our entire scientific population (especially the leaders) put their minds to the developpment and construction of units of dis- - truction greater than any now known. We the people of Austin request Mr. Lindberg to devote his entire time and energy to the construction of these units for which he is so well suited.

NOTE: We do not want to let Mr. Lindberg form a new party with himself as leader.

NOTE: TO THE MOTHERS: FACT that the greater mechanical instruments for offence and defense will save their sons. We need more mechanical robots so tha t we can invade Germany without the loss of a man.
