Mr. J. Frank Jungman, District Director
Lyndon Johnson for Senator
Rice Hotel
Houston, Texas

Dear Mr. Jungman:

I am a long time in acknowledging receipt of the one-half dozen placards, size 11 x 14, lithographed in two colors on six ply card in non-fading ink, which you sent us.

We all like this placard and we want you to have 100,000 of them lithographed for us. We shall trust you to get the best possible price on this order, and the man who is paying for them says they must be considerably below the price given you of \$15.60 per thousand. However, I know you will get the best price you can.

Please place this order as soon as possible as we are out of placards, and do everything else you can to expedite the shipment to us.

They should be billed to Wilton Woods, and shipped by Brown Express.

Very truly yours,

JC:WW

John Connally

Mr. J. Frank Jungman, District Director
Lyndon Johnson for Senator
Rice Hotel
Houston, Texas

Dear Mr. Jungman:

Inclosed herewith is the copy for a folder we want you to get lithographed. We want 150,000 of them and again we will trust you to get a very good price on this work.

Also, on the outside or page one of this folder we would like to have a faint outline of a transformer in the background, with the printing and picture on top of it, so to speak. I suggest that the outline of the transformer be in red and the type in blue except where it is labeled red on the copy.

This order should be billed to Charley Henderson.

Very truly yours,

John Connally

P. S. On the front of this folder, please use the same photograph that is used on the "Roosevelt and Unity" folder, and not the one on the inclosed copy.
