Collection: National Security Files Country Files

For list of folder titles, see page 4.

Scope and content note:

The series described below are the primary locations in the Johnson Library for materials related to international relations with foreign countries. They consist of State Department and Defense Department cables, White House memorandums, CIA intelligence reports, correspondence, special studies and other diplomatic and military material that were drafted by or sent to the staff of President Johnson's special assistants for national security affairs. They include diplomatic material such as cables exchanged between embassies in foreign nations and U.S. offices in Washington, D.C., and briefing material for visits between the President and foreign heads of state.

NATIONAL SECURITY FILE Country File

ADDENDUM

NOTE:

The National Security File, Country File, Addendum, was created in 1993 as a file location for unfiled material which has been located by Library staff but which should be included as part of the National Security File. The structure of the Addendum mirrors that of the National Security File, Country File. Similar Addenda will be added at the end of the other sections of the National Security File as needed.

As additional items are located by Library staff, they will be added to the Addendum, thus the box numbers may change. **When citing items from the National Security File, Country File, Addendum, please include the entire folder title.**

Temporary Box #295 no longer exists.
