NATIONAL SECURITY FILE Head of State Correspondence

Scope and content note:

This series contains President Lyndon B. Johnson's formal and informal correspondence and telegrams with heads of state and heads of government with whom the U.S. had diplomatic relations. This series also contains memorandums with drafts of President Johnson's correspondence as well as lists of exchanges between President Johnson and each head of state or head of government.

There are two head of state correspondence files. The first, "Head of State Correspondence File," was maintained as a regular part of the National Security File. The second, "Special Head of State Correspondence File," was maintained by Dorothy P. Territo of the Johnson White House Staff but, since December 1987, has been included as part of the National Security File.
